Kate Chopin (1850-1904) is an American writer best known for her stories about the inner lives of sensitive, daring women. Her novel *The Awakening* and her short stories are read today in countries around the world, and she is widely recognized as one of America's essential authors. Her short stories were well received in in the 1890s and were published by some of America's most prestigious magazines--*Vogue*, the *Atlantic Monthly*, *Harper's Young People*, the *Youth's Companion*, and the *Century*. A few stories were syndicated by the American Press Association. Many of her stories also appeared in her two published collections, *Bayou Folk*(1894) and *A Night in Acadie* (1897), both of which received good reviews from critics across the country who praised them for their graceful descriptions of the lives of Creoles, Acadians, African-Americans, and other people in Louisiana. Twenty-six of her stories are children's stories--those published in or intended for children's or family magazines--the *Youth's Companion* and others. By the late 1890s Kate Chopin was well known among American readers of magazine fiction. Her early novel *At Fault* (1890) was not much noticed, but *The Awakening* (1899) was widely condemned. Critics called it morbid, vulgar, and disagreeable. Chopin's work was mostly forgotten after her death, but, beginning in the 1950s, scholars rediscovered it and praised it for its truthful depictions of women's lives. On the rise and progress of Maritzburg. Once upon a time Linus Torvalds was a skinny unknown, just another nerdy Helsinki techie who had been fooling around with computers since childhood. And his creation LINUX is used by over 12 million people as well as by companies such as IBM. When the sinister and eccentric Bonaparte Blenkins arrives, their peaceful farm life is disrupted through his various deceptions. His motives are all too obvious to Em and Lyndall and they collude to expose him as a fraud. Published as No. 197 in March 1939, The Story of an African Farm has been in print as a paperback with Penguin Books ever since. This revised, complete edition - issued to commemorate the novel's 125th anniversary - includes Olive Schreiner's preface to the second printing, with her husband's 1924 introduction as the present afterword. Among the numerous plaudits bestowed on this pioneer novel is that of Es'kia Mphahlele in 1960, when he found the issues Schreiner raised in it 'too generous to fit into the South African pattern of values', while Doris Lessing in her 1968 afterword considered it to be 'one of those few rare books, on a frontier of the human mind'. As Dan Jacobson remarked in his 1971 introduction: 'Nothing can take from her the honour of being the first to make usable the country and the people within it as a subject for fiction.' In July 1789, 237 women convicts left England for Botany Bay in Australia on board a ship called The Lady Julian, destined to provide sexual services and a breeding bank for the men already there. This is the enthralling story of the women and their voyage. Based on painstaking research into contemporary sources such as letters, trial records and the first-hand account of the voyage written by the ship's steward, John Nicol, this is a riveting work of recovered history. The Floating Brothel brilliantly conjures up the sights, sounds and particularly the smells of life on board ship at the time and is populated by a cast of larger-than-life characters you will never forget. ORIGINAL DESCRIPTION (1934): The advent of the automobile brought a clash of industrial ideas. Should the new vehicle be high priced, obtainable only by the wealthy? Or should it be a vehicle of service to all humanity-within reach of the pocketbook of every family? Henry Ford's answer was the Model T, which became known as the "Universal Car" and of which he manufactured more than 15,000,000. With the Ford car available to the millions, there sprang up a nation-wide demand for better roads. The Ford car proved a great social factor in the development and growth of the American people. And the story of the founding, success, and growth of the Ford Motor Co., giving the world, as it did, its first great picture of modern mass production, is an industrial epic which this volume attempts to tell. It is a story of facts that less than a generation ago would have been a fairy tale. Illustrated by 52 photographs. Trevor doesn't want his appendix burnt, he wants to keep it in a jar Crazy things happen when Trevor loses his appendix, and it seems that they just have to be together. Relates the evolution of the family of mankind, from single cells in the sea to human beings with "big brains that wonder who we are." Mrs. Louise Mallard, afflicted with a heart condition, reflects on the death of her husband from the safety of her locked room. Originally published in Vogue magazine, "The Story of an Hour" was retitled as "The Dream of an Hour," when it was published amid much controversy under its new title a year later in St. Louis Life. "The Story of an Hour" was adapted to film in The Joy That Kills by director Tina Rathbone, which was part of a PBS anthology called American Playhouse. John Robinson had the worst possible start in life. Taken into care at four months old, he was left in abusive foster homes for most of his childhood. At fourteen he was sent to a detention centre for arson. Gravitating towards a life of crime, he moved from borstal to the streets to psychiatric hospital, a scarred, tattooed, broken and angry young man. Yet God had plans for John. He would go on to run the Eden bus ministry: frontline youth buses which travel the toughest parts of Manchester with the gospel. The teams befriend young people and sometimes accompany them to court. 'My passion is, and I pray always will be, for those who feel downtrodden, hurt and rejected,' says John Robinson. 'They feel like scum, and wake up each day with nothing and no one. I know exactly what that feels like.' In *Our Time* is the title of Ernest Hemingway's first collection of short stories, published in 1925 by Boni & Liveright, New York, and of a collection of vignettes published in 1924 in France titled *In Our Time*. Its title is derived from the English Book of Common Prayer, "Give peace in our time, O Lord". The stories's themes - of alienation, loss, grief, separation - continue the work Hemingway began with the vignettes, which include descriptions of acts of war, bullfighting and current events. The collection is known for its spare language and oblique depiction of emotion, through a style known as Hemingway's "theory of omission" (iceberg theory). According to his biographer Michael Reynolds, among Hemingway's canon, "none is more confusing ... for its several parts - biographical, literary, editorial, and bibliographical - contain so many contradictions that any analysis will be flawed." *This Is the Story of a Happy Marriage* is an irresistible blend of literature and memoir revealing the big experiences and little moments that shaped Ann Patchett as a daughter, wife, friend and writer. Here, Ann Patchett shares entertaining and moving stories about her tumultuous childhood, her painful early divorce, the excitement of selling her first book, driving a Winnebago from Montana to Yellowstone Park, her joyous discovery of opera, scaling a six-foot wall in order to join the Los Angeles Police Department, the gradual loss of her beloved grandmother, starting her own bookshop in Nashville, her love for her very special dog and, of course, her eventual happy marriage. *This Is the Story of a Happy Marriage* is a memoir both wide ranging and deeply personal, overflowing with close observation and emotional wisdom, told with wit, honesty and irresistible warmth.

Agastya Sen, known to friends by the English name August, is a child of the Indian elite. His friends go to Yale and Harvard. August himself has just landed a prize government job, which takes him to Madna - a town with the highest temperatures in India - deep in the sticks. There he finds himself surrounded by incompetents and cranks, time wasters, bureaucrats, and crazies. What to do? Get stoned, shirk work, collapse in the heat, stare at the ceiling. Dealing with the locals turns out to be much easier than living with himself. *English*, August is a comic masterpiece from contemporary India.

"Sumptuous...a fitting legacy for a pioneering conservationist who helped save thousands of acres of the Lake District" - *The Mail on Sunday*, August

2016 To this day, Beatrix Potter's tales delight children and grown-ups around the world. But few people realise how extraordinary her own story is. She was a woman of contradictions. A sheltered Victorian daughter who grew into an astute modern businesswoman. A talented artist who became a scientific expert. A famous author who gave it all up to become a farmer. In *The Story of Beatrix Potter*, Sarah Gristwood follows the twists and turns of Beatrix Potter's life and its key turning points - including her tragically brief first engagement and happy second marriage late in life. She traces the creation of Beatrix's most famous characters - including the naughty Peter Rabbit, confused Jemima Puddleduck and cheeky Squirrel Nutkin - revealing how she drew on her unusual childhood pets and locations in her beloved Lake District. She explores too, the last 30 years of Potter's life, when she abandoned books to become a working farmer and a pioneering conservationist, whose work with the National Trust helped to save thousands of acres of the Lake District - a legacy that, like her books, continues to enrich our lives today. This is a book about a box that contained the world. The box was the Picture Academy for the Young, a popular encyclopedia in pictures invented by preacher-turned-publisher Johann Siegmund Stoy in eighteenth-century Germany. Children were expected to cut out the pictures from the Academy, glue them onto cards, and arrange those cards in ordered compartments—the whole world filed in a box of images. As Anke te Heesen demonstrates, Stoy and his world in a box epitomized the Enlightenment concern with the creation and maintenance of an appropriate moral, intellectual, and social order. The box, and its images from nature, myth, and biblical history, were intended to teach children how to collect, store, and order knowledge. te Heesen compares the Academy with other aspects of Enlightenment material culture, such as commercial warehouses and natural history cabinets, to show how the kinds of collecting and ordering practices taught by the Academy shaped both the developing middle class in Germany and Enlightenment thought. *The World in a Box*, illustrated with a multitude of images of and from Stoy's Academy, offers a glimpse into a time when it was believed that knowledge could be contained and controlled.
