Set in Fez, Morocco, during that country's 1954 nationalist uprising, *The Spider's House* is perhaps Paul Bowles's most beautifully subtle novel, richly descriptive of its setting and uncompromising in its characterizations. Exploring once again the dilemma of the outsider in an alien society, and the gap in understanding between cultures—recurrent themes of Paul Bowles's

writings—*The Spider's House* is dramatic, brutally honest, and shockingly relevant to today's political situation in the Middle East and elsewhere. With a job at PARKER INDUSTRIES, a stable relationship and uncertain of what impact his actions will have on the future, Miguel O'Hara has decided that it's time to hang up the webs and retire from being Spider-Man. For a generation of American climbers, *The White Spider* has been a formative book--yet it has long been out-of-print in America. This edition awaits discovery by Harrer's new legion of readers. Part of a series of hilarious nonfiction about disgusting creatures, this book looks at the spider. It covers such topics as the spider's habitats (pretty much everywhere but outer space), the silk it spins (it can trap prey and makes a nifty bowtie), and its parenting practice (female spiders carry around their eggs in a silk purse). Although silly and off-the-wall, *The Spider* contains factual information that will both amuse and teach at the same time. In this explosive GhostWalker novel by #1 New York Times bestselling author

Christine Feehan, a trained killer meets his match in a woman whose very kiss can stop a heart. The Cajun dive in the middle of the godforsaken swamps wasn't exactly Trap Dawkins' idea of fun. But the GhostWalker wasn't there for a good time. He was looking for her. Cayenne. It's where she found her victims. Poor suckers. Then again, who wouldn't want to leave a place like this with a woman like her? It's not Cayenne's fault. Locked up, experimented on and never knowing kindness, she was bred this way—with a heart of pure venom. Trap understands her. He survived his own dark past and he shares her desire for getting even. But now Trap's greatest danger is Cayenne herself. Because what's inside her is hard to control—especially when it's aroused by a lover as reckless as Trap. An NYRB Classics Original It is a sunny summer Sunday in a remote Swiss village, and a christening is being celebrated at a lovely old farmhouse. One of the guests notes an anomaly in the fabric of the venerable edifice: a blackened post that has been carefully built into a trim new window frame. Thereby hangs a tale, one that, as the wise old grandfather who has lived all his life in the house proceeds to tell it, takes one chilling turn after another, while his audience listens in appalled silence. Featuring a cruelly overbearing lord of the manor and the oppressed villagers who must render him service, an irreverent young woman who will stop at nothing, a mysterious stranger with a red beard and a green hat, and, last but not least, the black spider, the tale is as riveting and appalling today as when Jeremias Gotthelf set it down more than a hundred years ago. The Black Spider can be seen as a parable of evil in the heart or of evil at large in society (Thomas Mann saw it as foretelling the advent of Nazism), or as a vision, anticipating H. P. Lovecraft, of cosmic horror. There's no question, in any case, that it is unforgettably creepy. The eighth book in the bestselling Dan 'Spider' Shepherd series. Kidnapping is one of the cruellest crimes - lives are put at risk for cold, hard cash. But when Somali pirates seize the crew of a yacht off the coast of Africa, they bite off more than they can chew. One of the hostages has friends in high places and Spider Shepherd is put on the case. He goes deep undercover in an audacious plan to bring an end to the pirate gang's reign of terror. But as Shepherd

closes in on his quarry he realises that there's much more at stake than the lives of the hostages and that the pirates are involved in a terrorist plot that will strike at the heart of London. This action-packed story will change the heroic course for all three Spider-Women! COLLECTING: SILK 7-8, SPIDER-GWEN 7-8, SPIDER-WOMAN 6-7 Spider is gaunt, threadbare, unnerved by everything from his landlady to the smell of gas. And what will the war's fallout mean for Peter Parker...and the rest of the spiders? **COLLECTING: Amazing Spider-Man 9-15** An engaging history of the surprising, poignant, and occasionally scandalous stories behind scientific names and their cultural significance, "More fun than you've ever had with taxonomy in your whole entire life!" (Diana Gabaldon, author of the *Outlander* series and PhD in Quantitative Behavioral Ecology) Ever since Carl Linnaeus's binomial system of scientific names was adopted in the eighteenth century, scientists have been eponymously naming organisms in ways that both honor and vilify their namesakes. This charming, informative, and accessible history examines the fascinating stories behind taxonomic nomenclature, from Linnaeus himself naming a small and unpleasant weed after a rival botanist to the recent influx of scientific names based on pop-culture icons--including David Bowie's spider, Frank Zappa's jellyfish, and Beyoncé's fly. Exploring the naming process as an opportunity for scientists to express themselves in creative ways, Stephen B. Heard's fresh approach shows how scientific names function as a window into both the passions and foibles of the scientific community and as a more general indicator of the ways in which humans relate to, and impose order on, the natural world. 'The White Spider' tells the story of the harrowing first ascent of the Eiger's North Wall, one of the most legendary and terrifying climbs in recorded history. Control of the land under the Northern Sky rests in the balance as two fierce races collide in the sequel to *The Wolf*, a thrilling and savagely visceral epic fantasy from Leo Carew, an author who "will remind readers of George R. R. Martin, David Gemmell, or . . . Joe Abercrombie." (Booklist) Roper, the Black Lord of the north, may have vanquished the Suthern army at the Battle of Harstathur.
