Charles Johnson's magnificent biography of Mary Telfair is a detailed examination of the life of a most remarkable woman. Born in 1791, Mary Telfair grew up in Savannah, Georgia, where she was the daughter of a wealthy merchant-planter and three-term governor of Georgia. Although reared in the South, she bore no kinship to the plantation mistress living in isolation -- alienated by paternalism and male domination. Rather she belonged to an elite circle of urban Southerners who felt as much at home in the drawing rooms of Philadelphia and New York as in the parlours of Charleston and Savannah. As Johnson writes, "Mary Telfair was her own woman, but she affirmed her identity within the framework of good manners, decorum, and taste demanded of women of her station." Many of the country's leading figures passed through the lives of the Telfairs, and the Telfairs were related to, or close friends with, most of the prominent families in Savannah and the Georgia upcountry -- relationships fully explored in this work. Johnson's legal training played a significant role in enabling him to unravel the climactic event in Mary Telfair's story -- the great Telfair will contest, one of the epic legal battles of the nineteenth century. Drawing on a stunning amount of research, Charles Johnson reveals the choices and originality of a woman of vision. The result is an unforgettable portrait -- a "must-read" for anyone interested in nineteenth-century Southern history and women's studies. "A clever, positive and gentle way of introducing dementia to children" - Dr Kellyn Lee, Psychologist and Research Fellow in Ageing and Dementia This picture book aims to raise awareness of the impact that dementia can have on an individual and their family, in a child-friendly and supportive way. It is aimed at 4-11-year olds and has been inspired and informed by people with lived experience of dementia. Through rhyme and engaging illustrations, the book hopes to start a conversation about dementia, to help relieve anxieties that children might have about someone close to them who may be living with dementia. It is the third book in a best-selling series that aims to help children to understand a range of long-term health conditions, whilst promoting an inclusive and diverse society. The books are read across schools, community groups and more by the brilliant team at Happy Smiles (www.happysmilestraining.co.uk). "Absolutely beautifully written, with such sensitivity and understanding" - Dr Jane M Mullins, Author of 'Finding the

Light in Dementia' "Perfect" - Mary Merheim, Dementia Specialist "I could now ask my son what dementia is and he would know, whereas, before the story, he'd have no idea" - Parent "It's positive and not scary for children but educational at the same time" - Kathryn Disley, Care Home Manager "Love it" - Chris Elsley, Dementia Trainer Do you dream of stepping inside the covers of a book into a world you have only imagined? You are not alone! Some books excel at invoking a sense of place that captures the imagination. Readers want to walk the Yellow Brick Road to the Emerald City, fly to Neverland and board a pirate ship, and drink a butterbeer in Hogsmeade. Explore the characters and settings that have captivated readers over time with this high-interest informational text. Packed with fun facts and fascinating sidebars and featuring TIME© content and images, this nonfiction book has text features such as a glossary, an index, and a table of contents to engage students in reading as they build their comprehension, vocabulary, and reading skills. The Reader's Guide and extended Try It! activity increase understanding of the material, and develop higher-order thinking. Check It Out! offers print and online resources for additional reading. Keep students reading from cover to cover with this captivating text! From the best-selling author of *The Bloodline of the Holy Grail* and *Lost Secrets of the Sacred Ark* comes an explosive historical detective story presenting secret archives on the mysterious life of Mary Magdalene, the hidden lineage of Jesus and Mary, and the real two-thousand-year-old conspiracy involving the entire history of Christianity. Mary Magdalene is described in the New Testament as Jesus' close companion -- a woman he loved and his financial sponsor. And yet, in contrast, the Church teaches that she was a prostitute who became repentant. Why the discrepancy between scripture and dogma? Why does Mary appeal so romantically to artists who have painted her throughout the centuries as something much more significant than the Church traditionally portrays? What is the secret of Mary Magdalene and how much do we really know about her relationship with Jesus? Were they married? Did they have children, and if so, who makes up the messianic lineage? Laurence Gardner takes us on a detective trail to piece together the true controversial significance of the Magdalene story and its astonishing implications. These include the real da Vinci connection -- the true meaning behind Leonardo da Vinci's paintings and why the Renaissance Church censored portrayals of the Magdalene -- and information on the sacred marriage of Jesus and Mary Magdalene. Plus the truth about the enigmatic Templar society called the Priory of Scion and the underground stream that protected the sacred heritage of the messianic descendants. And much more! Chronicles the history of the first African American professional nurse and the struggles and contributions of African American nurses through the start of the twenty-first century. Our Lord's revelations to a Poor Clare nun about His love for us and how we should live to please Him. Similar to *Way of Divine Love*; but reveals yet another side of Our Lord's Heart. Explains the "Vow of Victim" and the delicate nuances of fraternal charity--especially the fruitful effects of kindness; which enables souls to open themselves to the love God asks of them. Includes a brief life story of Sr. Mary of the Holy Trinity. Profoundly moving. While Catholics have long admired and honored Mary, other Christian denominations are now devoting special Bible study groups to her as well. The *Everything Mary Book* explores the often-debated place of Mary in Christianity, as well as her role in the broader world, both secular and religious. With this comprehensive and entertaining biography, you'll unravel the mysteries of one of the Bible's most intriguing and misunderstood women. Learn about: The Immaculate Conception and the Virgin Birth The Virgin Mary in early texts besides the Bible, including the Gnostic Gospels Mary in medieval times The role of Mary in popular culture Islam and Mary The *Everything Mary Book* covers

everything you need to know about Mary's life and her impact on millions of Christians throughout the world. This anthology of critical writing on St. Nicholas includes influential articles already published and newly commissioned essays on a variety of subjects, including the impact of the St. Nicholas league, the utopian thrust of the magazine's fiction, and how Dodge persuaded Kipling to become a children's writer. The Life and Legacy of Sadie De Noir By: David E. Clemons The Life and Legacy of Sadie De Noir is for anyone who has a mind to drive into a career and enhance themselves to be the best they know they can be. Read this book and just maybe you will realize that if Sadie DeNoir can do it, why can ' t you? If you dream hard enough for something you want, there should be no stopping you. Go ahead and follow those dreams! It is a well-known fact that in the late 6th century Pope Gregory shaped the image of the Goddess in the Gospels, Mary Magdalene, into a penitent adulteress and prostitute-labels more recently abandoned in favor of "devoted follower" and even "Apostle to the Apostles." Conversely, Jesus' image and character were refashioned into a divinely born hero archetype and the body of his Gnostic wisdom teachings redacted and corrupted to support the personification of a Messiah and world redeemer who would fulfill an ancient prophesy and proclaim himself "the way" to salvation. If not accurate, then what was Jesus and Mary Magdalene's true legacy? Ariadne Green offers up the image of Divine Complements who married, had children and whose lives and mission together spanned over sixty years. She traces their journey from Judea and Galilee to the Nile Delta in Egypt, after an aborted crucifixion, and then onto Gaul and Great Britain as the carriers of the Grail. The book reveals a secret identity for Jesus, one known by the Knights Templar and a group of Cistercian monks, who hid clues to a legacy of secrets in La Queste Del Saint Graal. We discover Jesus' authentic teachings survived and became the tenets of Valentinian Gnostics who disseminated them in secret and initiated disciples into a profound mystery-the mystery of the 'bridal chamber'. *Includes pictures *Includes Gospel passages and apocryphal passages *Includes online resources and a bibliography for further reading "After that, Jesus traveled about from one town and village to another. The Twelve were with him, and also some women who had been cured of evil spirits and diseases: Mary (called Mary Magdalene) from whom seven demons had come out-and many others. These women were helping to support them out of their own means." - Luke 8:1-3 Mary Magdalene is one of the most talked about figures in modern Christianity, a woman who mainstream media and modern sensibilities can hold with more conviction. The media, press, movie industry, and airport literature have been obsessed with this redhead for more than 100 years, a fascination that reached its climax in the first decade of this century, and does not seem likely to end any time soon. Mary Magdalene is frequently depicted as young and attractive, liberated and intelligent, a symbol of a freer spirituality, and not controlled by a male-dominated church. In the minds of many, she embodies opposition to a system dominated by old men in white cassocks, the "sacred feminine." As if that is not enough, she has the best bachelor in the world: Jesus Christ himself. The French-made, fair-haired Mary Magdalene who appears in innumerable works of medieval and modern art with a red robe, a symbol of rebellion and freedom (although in the Middle Ages the intention was to show her as a loose woman), is a creation of the Western Church and, more recently, the media. It is a depiction laden with centuries of intertextual struggles, patronizing homilies, medieval legends, novels looking for bestseller status, and documentaries for cable television. But there was a historical Mary Magdalene, a woman named Miriam (Hebrew for Mary) born in Galilee in the time of King Herod, and she died, most likely in present-day Turkey, when Christianity was only a variant

of Judaism. Mary Magdalene would not recognize herself in modern portraits or the perception the average Christian of the last 1500 years has of her. If there has been a search for the historical Jesus since the 18th century, the real man who walked in the hills of Galilee and died on a cross in Jerusalem, a similar quest is necessary for the historical Mary Magdalene, but not out of mere curiosity, because she is important in the narrative of Jesus's life. If the early sources are accurate, Mary of Magdala was the first Christian in history, and the first to announce the fundamental kerygma of early Christianity: Jesus is risen! Despite the shortage of information, there are a few certain facts historians know about Mary Magdalene. For example, she was a respected and well-remembered follower of Jesus, one of the female disciples who supported the movement of the Galilean preacher. Some scholars studying the gospels believe that Mary Magdalene was an elderly woman and probably well-to-do, if not wealthy. "For all we know," opines E.P. Sanders in *The Historical Figure of Jesus*, "she was eighty-six, childless, and keen to mother unkempt young men." She not only remained by Jesus side in his darkest hour, the crucifixion, she also had a strange experience at Jesus's tomb on Easter morning. The gospels disagree on the details, but not in the fact that it happened to her. *Mary Magdalene: The Life and Legacy of the Woman Who Witnessed the Crucifixion and Resurrection of Jesus* examines what is known and unknown about one of the Bible's most famous figures. Along with pictures depicting important people, places, and events, you will learn about Mary Magdalene like never before. An historical detective story, presenting secret archives on the mysterious life of Mary Magdalene, the hidden lineage of Jesus and Mary, and the real 2,000-year-old conspiracy involving the entire history of Christianity. A Family History Resource, detailing the lives of Mary Ryan and Thomas Kiely, free settlers who immigrated to Australia in 1840 onboard the "Mary Anne". The book looks at Mary and Thomas's life in the early days of the Paterson district of NSW. The book shares details on Mary's life, her marriages to Thomas Kiely and Frederick Jones, the lives of her nine children, and all her grandchildren. It includes details on the ancestry of all their spouses, including the names Porter, Drinan, Moran, Reynolds and Peters. Our Lord's revelations to a Poor Clare nun about His love for us and how we should live to please Him. Similar to *Way of Divine Love*; but reveals yet another side of Our Lord's Heart. Explains the "Vow of Victim" and the delicate nuances of fraternal charity--especially the fruitful effects of kindness; which enables souls to open themselves to the love God asks of them. Includes a brief life story of Sr. Mary of the Holy Trinity. Profoundly moving. This volume commences with Q's ghostly 'Lady Mary's Tale' which is based on a traditional story of a headless carriage controlled by a headless driver careering across Dartmoor and accompanied by a wild dog. It appears that Q based his tale on Sabine Baring-Gould's recounting of Lady Mary's life (also included in this volume) but the facts are rather different to the Cornish and Devonian ghostly tale. Now surpassed in fame as a writer by his daughter's best friend, Daphne du Maurier, c Sir Arthur Quiller-Couch was the pre-eminent Cornish writer of Victorian and Edwardian times and founder of the Cambridge University school of English Literature. He is of particular interest since his fiction was very often based on factual events long passed from memory. An autobiographical collaboration of subsequent journal entries of a poet delves behind the scenes of solitary tedium and introspection when a spark catches between the heart and brain and transforms into a pulsing literary song on the printed page. Based in Brooklyn, New York in the twentieth century, the written word comes alive through a city dweller that gives his life for his art in the all-too-often darkness of poverty and the clash with social expectations. While a friendly narrative of a life story threads into a likeable character,

the poetic expressions, observations, and essays surpass politics, social issues of the day, and religion and exposes the richness of beauty and the limitations of being human. Melancholic in tone, the writing dares to challenge the astute reader to explore the deeper and unspoken aspects of the human condition. *Includes historic illustrations of Mary Read and important people in her life. *Includes a profile of Mary Read from the famous English pirate history "A General History of the Pyrates." *Discusses common legends about Mary Read, separating fact from fiction. *Includes a Bibliography for further reading. "[H]e fell accidentally into Discourse with Mary Read, whom he taking for a young Man, ask'd her, what Pleasure she could have in being concerned in such Enterprizes, where her Life was continually in Danger, by Fire or Sword; and not only so, but she must be sure of dying an ignominious Death, if she should be taken alive?-She answer'd, that as to hanging, she thought it no great Hardship, for, were it not for that, every cowardly Fellow would turn Pyrate, and so infest the Seas, that Men of Courage must starve..." - Captain Charles Johnson, A General History of the Robberies and Murders of the most notorious Pyrates

The people who have lived outside the boundaries of normal societies and refused to play by the rules have long fascinated the world, and nowhere is this more evident than the continuing interest in the pirates of centuries past. As the subjects of books, movies, and even theme park rides, people continue to let their imaginations go when it comes to pirates, with buried treasure, parrots, and walking the plank all ingrained in pop culture's perception of them. Charles River Editors' *Legendary Pirates* series covers the lives, piracy, legends, myths, and legacies of history's most famous pirates. Among all the pirates of the "Golden Age of Piracy," none were as unique as Mary Read, who was one of just two known women to be tried as a pirate during the Golden Age, alongside her own crewmate (and possible lover) Anne Bonny. Like Anne, Mary Read was an illegitimate child who spent some of her childhood dressed up as and disguised as a little boy through incredibly strange circumstances. But unlike her future shipmate, Mary ultimately took a liking to it, and she continued to disguise her gender to take on roles reserved for men, including in the British army. During that time, she fell in love with a Flemish soldier and eventually married him. Mary Read might have been content to live out her life with her husband in Holland, but after his death, she headed for the West Indies, only to have her ship commandeered by pirates. But Read, who had worked on a ship before, was only too happy to join the pirate crew and play the role of privateer. And in 1720, that crew was captured by Calico Jack, who already had his lover Anne Bonny as part of his crew and now unwittingly added a second female when Mary opted to join. Together the three played a legendary role as shipmates and possible lovers while continuing their piracy around the Bahamas, only to eventually be captured by authorities in October 1720. Most of the crew was executed, but Mary and Anne both decided to "plead the belly," claiming they were pregnant and thereby receiving a stay of execution. This spared them the noose, but Mary would die of illness while still imprisoned in 1721. *Legendary Pirates: The Life and Legacy of Mary Read* looks at the mysterious life and legends of the famous female pirate, attempting to separate fact from fiction while analyzing her lasting legacy. Along with pictures depicting Mary and important people, places, and events in her life, you will learn about the famous pirate like you never have before, in no time at all. Henry Tillotson, a generous, genial man who inherited his father's philanthropic attitude along with his beautiful house, rescues Margaret from a disastrous marriage in Egypt and brings her home to the West Country as his new wife. On the threshold she gives him a black eye and retires straight to bed where she remains, apart from the occasional malevolent outburst, for the rest of her life. Over the years two young

couples become regular if uneasy houseguests, listening, speculating, keeping a watchful eye on Margaret's door until finally, piecing together the gossip, the rumours, the mystery, they find themselves and their children thoroughly tangled in the web of Henry's life... Using printed and manuscript texts composed between 1575 and 1672, Jennifer Heller defines the genre of the mother's legacy as a distinct branch of the advice tradition in early modern England that takes the form of a dying mother's pious counsel to her children. Reading these texts in light of specific cultural contexts, social trends, and historical events, Heller explores how legacy writers used the genre to secure personal and family status, to shape their children's beliefs and behaviors, and to intervene in the period's tumultuous religious and political debates. The author's attention to the fine details of the period's religious and political swings, drawn from sources such as royal proclamations, sermons, and first-hand accounts of book-burnings, creates a fuller context for her analysis of the legacies. Similarly, Heller explains the appeal of the genre by connecting it to social factors including mortality rates and inheritance practices. Analyses of related genres, such as conduct books and fathers' legacies, highlight the unique features and functions of mothers' legacies. Heller also attends to the personal side of the genre, demonstrating that a writer's education, marriages, children, and turns of fortune affect her work within the genre. *Includes pictures *Includes Mary's own quotes about her life *Includes online resources and a bibliography for further reading *Includes a table of contents "Did I not tell you this would happen? I knew they would never allow me to live, I was too great an obstacle to their religion." - Mary, Queen of Scots

The position in history of Mary Queen of Scots is a paradoxical one. Her fame as a monarch lies less in her personality or achievements than in her position within the dynastic maneuvers and political-religious upheavals taking place in northwest Europe in the 16th century. Most monarchs spend their early years learning in preparation to rule and then spend the latter part of their lives wielding power and status, but Mary was thrust upon the throne when she was only a week old, and she ceased to be queen nearly 20 years before her death. Mary's was an unusual reign in a tumultuous period, and her tragedy was intertwined with her country's transformation. In Mary's case, she was a second cousin once removed of England's Queen Elizabeth I, which made her a rival for the throne. Mary was the granddaughter of Margaret Tudor, Henry VIII's sister, and her Catholicism made Mary the true and rightful Queen of England in the eyes of many Catholics and the Vatican. These facts, coupled with the realization that several English Catholics (especially rebels active in the Rising of the North movement) supported Mary, ardently made Elizabeth I uneasy. Mary also did not help herself when she married James Hepburn, 4th Earl of Bothwell, who was widely accused of raping her. The Scottish people rebelled, and Mary abdicated and fled southwards towards England. Elizabeth I was unsure at first what to do with Mary, so she kept Mary imprisoned in several castles and manor houses inside England (making escape difficult and thus unlikely). After 18 years and 9 months in Elizabeth's custody, it became clear that the situation was becoming untenable mainly due to Catholic efforts on the continent and within England to have Elizabeth I assassinated and to raise Mary Stuart to England's throne after marrying her to the recusant Catholic Thomas Howard, Duke of Norfolk. By some accounts, Elizabeth's spymaster and principal secretary Francis Walsingham, either trapped Mary or fabricated evidence on high treason charges associated with the plot initiated by Anthony Babington. In 1587, Mary was executed for her involvement in conspiracies to assassinate Elizabeth. Elizabeth is said to have had deep misgivings about executing a fellow sovereign and thereby setting a pernicious precedent. Nor could Elizabeth forget that her own mother,

Anne Boleyn (though only a queen consort), had also been executed. Though she had put Mary to death, Elizabeth's unmarried and childless status left no Tudor to follow her. Thus, she was succeeded by her Mary's son James, whose reign united the two kingdoms of England and Scotland. All British monarchs have since descended from James. Mary, Queen of Scots: The History and Legacy of Mary Stuart of Scotland chronicles the tumultuous life of Mary and her role in history. Along with pictures of important people, places, and events, you will learn about Mary Stuart like never before, in no time at all. A thriller sequel to *Brotherly Love*. Ken Flood is an academic and events in the wider world do not materially effect his life. That is until his brother drew him into his clandestine world. Now he is back in the peace and quiet of academia. Then his friends Joshua and Mary were killed. The only connection was a country called Mengambi, Joshua was a Mengambian and Mary organised and lectured on short courses in that country. Suddenly Ken was caught up in the game of power being played out in Mengambi when he agreed to take Mary's place teaching on the short courses in that country. What he wanted to find out was if there was more to his friends deaths than reported by the police. The novel follows Ken's attempts to survive the dichotomy of the pressure from his employer in Mengambi, the request by his brother to gather information and his need to find out what really happened to his friends Joshua and Mary. *The Living Legacy* is a resource for spiritual formation that involves original Christian poetry, theological analysis, and spiritual formation exercises following the *lectio divina*. Following the seasons of the Church Year, Witherington and Hare provide a guide to help those of us on spiritual journeys as we seek to explore 'the living legacy,' which is our faith in the biblical God. Grandparents have a hidden superpower-PLAYFULNESS! The power of play creates memories that will be forever etched in the mind of a child. It tickles the funny bone as it nurtures physical strength, mental agility and social skills. Play is vital not only for the growth and development of your grandchild, but play is enormously beneficial for adults as well. Sharing playful activities with your grandchild will not only nurture them but will energize you. This book presents a wealth of ideas to bring joy and fun into grand interactions. Grandparents have an extraordinary opportunity to make a significant impact on their grandchildren's lives and future. New grandparents as well as for those who are looking for new ways to enhance their grand relationships will find endless hours of fun within these pages. By land and water shall it go home, and lie hidden in the floating stone until by fire it shall be raised again. Arthur has raised the sword and claimed his birthright as High King of Briton, determined to unite the many tiny kingdoms that make up his country. Now he sits upon his throne at Camelot with Merlin by his side, his most trusted adviser. But Merlin is growing old, and his sight is dimming. He knows that Mordred, child of Arthur's unknowing union with his half-sister Morgause, will be Arthur's downfall. But he cannot see the future clearly enough to know why, or how - or when. And he's distracted: his gifted young apprentice, Niniane, is more than meets the eye. As Merlin teaches her to control her powers, he seems to lose his own. Merlin has secured Arthur's place in history. Now he must take his own. *The Arthurian Saga*, begun in *The Crystal Cave*, *The Hollow Hills* and *The Last Enchantment* continues in *The Wicked Day*, the story of Arthur's last battle... A stunning portrait of the complicated woman who becomes Ernest Hemingway's fourth wife, tracing her adventures before she meets Ernest, exploring the tumultuous years of their marriage, and evoking her merry widowhood as she shapes Hemingway's literary legacy. Mary Welsh, a celebrated wartime journalist during the London Blitz and the liberation of Paris, meets Ernest Hemingway in May 1944. He becomes so infatuated with Mary that he asks her to marry him the third time

they meet—although they are married to other people. Eventually, she succumbs to Ernest's campaign, and in the last days of the war joined him at his estate in Cuba. Through Mary's eyes, we see Ernest Hemingway in a fresh light. Their turbulent marriage survives his cruelty and abuse, perhaps because of their sexual compatibility and her essential contribution to his writing. She reads and types his work each day—and makes plot suggestions. She becomes crucial to his work and he depends upon her critical reading of his work to know if he has it right. We watch the Hemingways as they travel to the ski country of the Dolomites, commute to Harry's Bar in Venice; attend bullfights in Pamplona and Madrid; go on safari in Kenya in the thick of the Mau Mau Rebellion; and fish the blue waters of the gulf stream off Cuba in Ernest's beloved boat Pilar. We see Ernest fall in love with a teenaged Italian countess and wonder at Mary's tolerance of the affair. We witness Ernest's sad decline and Mary's efforts to avoid the stigma of suicide by claiming his death was an accident. In the years following Ernest's death, Mary devotes herself to his literary legacy, negotiating with Castro to reclaim Ernest's manuscripts from Cuba, publishing one-third of his work posthumously. She supervises Carlos Baker's biography of Ernest, sues A. E. Hotchner to try and prevent him from telling the story of Ernest's mental decline, and spends years writing her memoir in her penthouse overlooking the New York skyline. Her story is one of an opinionated woman who smokes Camels, drinks gin, swears like a man, sings like Edith Piaf, loves passionately, and experiments with gender fluidity in her extraordinary life with Ernest. This true story reads like a novel—and the reader will be hard pressed not to fall for Mary.

Sara travels to Neraka and discovers the knights of Takhisis have plans of returning to war. She travels on to the Tomb of the Last Heroes and receives an answer which could inspire her people to survive. Reprint of the original, first published in 1863. This text explores controversial ideas in 'The Da Vinci Code' and the real and remarkable significance of Magdalene to our culture and to Christianity itself. Summer 1948. In the scenic, remote river town of Oregon, Illinois, a young couple visiting the local lovers' lane is murdered. The shocking crime garners headlines from Portland, Maine, to Long Beach, California. But after a sweeping manhunt, no one is arrested and the violent deaths of Mary Jane Reed and Stanley Skridla fade into time's indifference. Fast forward fifty years. Eccentric entrepreneur Michael Arians moves to Oregon, opens a roadhouse, gets elected mayor, and becomes obsessed with the crime. He comes up with a scandalous conspiracy theory and starts to believe that Mary Jane's ghost is haunting his establishment. He also reaches out to the Chicago Tribune for help. Arians's letter falls on the desk of general assignment reporter Ted Gregory. For the next thirteen years, while he ricochets from story to story and his newspaper is deconstructed around him, Gregory remains beguiled by the case of the teenaged telephone operator Mary Jane and twenty-eight-year-old Navy vet Stanley—and equally fascinated by Arians's seemingly hopeless pursuit of whoever murdered them. Mary Jane's Ghost is the story of these two odysseys. This killer is so evil, he wears the most deceptive face of all....

Legacy of Masks Ex-prosecutor Mary Crow didn't expect a hero's welcome when she returned home to Pisgah County, North Carolina. But what she did expect was the job she'd been promised in the D.A.'s office. Instead she found she'd worn out her welcome before she even arrived—and that she has more than a few enemies among the supporters of the corrupt sheriff she'd caught sidelining in murder years before. The new sheriff was one of Mary's childhood schoolmates, timid and nerdy Jerry Cochran. Only Cochran is neither nerdy nor timid anymore. And when a young girl is found brutally murdered and everyone, including the girl's parents and the police, is sure the killer is a young, mystical Ani Zaguhi Cherokee

named Ridge Standingdeer, Mary ' s first case in her own law firm slams her into the heart of a controversy. As a prosecutor, Mary was used to tenaciously tracking down the guilty. Now she finds herself on the other side of the law, defending a client she ' s sure is innocent against a merciless system, a bigoted town...and an even more ruthless killer. With her old lover Jonathan Walkingstick, Mary will have to go where she ' s never gone before—a place where a psychopath with the perfect mask and a shocking secret is waiting to add Mary herself to his growing collection of silent victims. From the Hardcover edition.

Mordred is the son of King Arthur, bastard child of his union with his half-sister Morgause. Prophesied by Merlin to kill Arthur, Mordred is stolen away from his mother and raised in secrecy by a kind couple on an isolated Orkney island in the hopes that he will defy his fate. Mordred, known to history as a traitor and a murderer, is no villain, but a quick-witted young man, with hopes and dreams of his own. But try as he might, Mordred cannot escape Merlin's prophecy. For his mother, Morgause, has plans of her own. She tracks her son down and takes him back, then feeds the flames of Mordred's ambition, setting into motion a chain of events that will go down in history - and legend - as father and son are finally forced to confront each other one last time: on the wicked day of destiny, when Arthur's final battle will be fought.

Mary Stewart's stunning Arthurian Saga began with *The Crystal Cave*, *The Hollow Hills*, *The Last Enchantment* and *The Wicked Day*. It concludes with *The Prince & the Pilgrim*. Born on Christmas Eve, Arthur Pendragon is the illegitimate son of the married duchess Ygraine and Uther Pendragon, brother of a great king: a union Merlin arranged. But Arthur's birth is not welcomed by everyone: his father demands he be hidden until a legitimate son can be born, and Merlin is forced to give the babe to his own childhood nurse for safekeeping and go into hiding. In a dream, Merlin learns of a sword of unparalleled beauty and extraordinary craftsmanship, hidden in a long-deserted Roman temple. Merlin retrieves the sword and hides it in a cave on an island in the centre of a lake, where it remains for years. But what is hidden must be revealed. For it is foretold that the irrepressible young man named Arthur will find a sword and claim his birthright: as heir to Uther Pendragon and king of the Britons. It is the tragedy of Queen Mary that today, 450 years after her death, she remains the most hated, least understood monarch in English history--remembered best for burning hundreds of Protestant heretics at the stake. Linda Porter's pioneering new biography cuts through the myths to reveal the truth about the first queen to rule England in her own right. Daughter of Henry VIII and Katherine of Aragon, Mary Tudor was a cultured Renaissance princess who was brought to the throne by an audacious coup. She made a grand marriage to Philip of Spain, but her attempts to revitalize England at home and abroad were cut short by her early death at the age of forty-two. The first popular biography of Mary in thirty years, *The Myth of "Bloody Mary"* offers a fascinating, controversial look at this much-maligned queen. *Includes pictures *Includes Mary's own quotes about her life *Includes online resources and a bibliography for further reading *Includes a table of contents

"Did I not tell you this would happen? I knew they would never allow me to live, I was too great an obstacle to their religion." - Mary, Queen of Scots

The position in history of Mary Queen of Scots is a paradoxical one. Her fame as a monarch lies less in her personality or achievements than in her position within the dynastic maneuvers and political-religious upheavals taking place in northwest Europe in the 16th century. Most monarchs spend their early years learning in preparation to rule and then spend the latter part of their lives wielding power and status, but Mary was thrust upon the throne when she was only a week old, and she ceased to be queen nearly 20 years before her death. Mary's was an unusual reign in a tumultuous period, and

her tragedy was intertwined with her country's transformation. In Mary's case, she was a second cousin once removed of England's Queen Elizabeth I, which made her a rival for the throne. Mary was the granddaughter of Margaret Tudor, Henry VIII's sister, and her Catholicism made Mary the true and rightful Queen of England in the eyes of many Catholics and the Vatican. These facts, coupled with the realization that several English Catholics (especially rebels active in the Rising of the North movement) supported Mary, ardently made Elizabeth I uneasy. Mary also did not help herself when she married James Hepburn, 4th Earl of Bothwell, who was widely accused of raping her. The Scottish people rebelled, and Mary abdicated and fled southwards towards England. Elizabeth I was unsure at first what to do with Mary, so she kept Mary imprisoned in several castles and manor houses inside England (making escape difficult and thus unlikely). After 18 years and 9 months in Elizabeth's custody, it became clear that the situation was becoming untenable mainly due to Catholic efforts on the continent and within England to have Elizabeth I assassinated and to raise Mary Stuart to England's throne after marrying her to the recusant Catholic Thomas Howard, Duke of Norfolk. By some accounts, Elizabeth's spymaster and principal secretary Francis Walsingham, either trapped Mary or fabricated evidence on high treason charges associated with the plot initiated by Anthony Babington. In 1587, Mary was executed for her involvement in conspiracies to assassinate Elizabeth. Elizabeth is said to have had deep misgivings about executing a fellow sovereign and thereby setting a pernicious precedent. Nor could Elizabeth forget that her own mother, Anne Boleyn (though only a queen consort), had also been executed. Though she had put Mary to death, Elizabeth's unmarried and childless status left no Tudor to follow her. Thus, she was succeeded by her Mary's son James, whose reign united the two kingdoms of England and Scotland. All British monarchs have since descended from James. Mary, Queen of Scots: The History and Legacy of Mary Stuart of Scotland chronicles the tumultuous life of Mary and her role in history. Along with pictures of important people, places, and events, you will learn about Mary Stuart like never before, in no time at all.
