For Harley-Davidson aficionados, the very name Sportster conjures an image of a fire-breathing mechanical beast scorching the world's tarmac. The image the Sportster itself often does not live up to. Straight from the factory, in its standard form, the Sportster routinely proves an entry-level motorcycle providing a relatively tame ride. This book aims to change all that and to show every Sportster rider how to free the beast in his or her bike. With expert, detailed advice on the proper mechanical massaging and plenty of helpful diagrams and photos this updated, third edition of Buzz Buzzelli's best-selling handbook shows how the Sportster can be transformed into the superbike of old. Including a history of the Sportster from its birth in 1957 to the recent introduction of a new engine (only the third in its long life), this book has everything it takes to open up the gates of hell and give the Sportster its head. Harley-Davidson Sportster soixante ans raconte l'histoire complète de la légendaire Sportster de Milwaukee. Lancée en 1957, elle a survécu à beaucoup de ses rivales pour devenir une des motos les plus vendues du XXI^e siècle. Spécialiste réputé de la Sportster, Allan Girdler couvre toutes les versions du modèle – dont les XLCH, Café Racer, XR1000, XLX, 883, Iron, Forty-Eight, Seventy-Two et Nightster – qui en ont fait l'une des motos les plus emblématiques du monde. Auteur reconnu d'ouvrages sur l'automobile et la moto, Allan Girdler a été rédacteur en chef des magazines Car Life, Cycle World et Road & Track. Il a signé de nombreux livres dont Harley-Davidson Sportster, Harley-Davidson XR750, American Road Race Specials et Harley-Davidson Racing : 1934-1986. Photographe : David Blattel ouvre son premier studio commercial en 1978. Dès le début l'un de ses fantasmes est de faire des photos pour

Harley-Davidson. En 1989, ce rêve devient réalité puisqu'il est choisi pour réaliser les photos de leur calendrier. Depuis, il n'a pas cessé de prendre des photos de motos Harley-Davidson en améliorant sans cesse sa technique. Il a réuni dans ces albums ses plus belles réalisations photographiques totalement inédites. XLH883, XL883R, XLH1100, XL/XLH1200 Harley-Davidson Sportster: Sixty Years tells the complete story of the Sportster. First produced in 1957, it has gone on to become one of the top selling motorcycles of the twenty-first century. Many people modify their Harley-Davidson engines—and find the results disappointing. What they might not know—and what this book teaches—is that emphasizing horsepower over torque, the usual approach, makes for a difficult ride. Author Bill Rook has spent decades perfecting the art of building torque-monster V-twin Harley engines. Here he brings that experience to bear, guiding motorcycle enthusiasts through the modifications that make a bike not just fast but comfortable to ride. With clear, step-by-step instructions, his book shows readers how to get high performance out of their Harleys—and enjoy them, too. "Covers XLH 883 (1991-2003) and XLH 1200 (1991-2003)"--P. [4] of cover. This book would suit both MALE AND FEMALE READERS. Based on a charismatic

detective Parker Lamont, in Canberra, Australia's National Capital, and his pursuit of a sniper on a black unmarked motorbike, who is holding the National Capital to ransom as he strikes on random days, always at 3pm. In the background, the lives of four women are wound into the story. The main female character, Debbie, suffers from low esteem with women but has a way with men! A pictorial celebration of the first 95 years of Harley-Davidson motorcycles.
