**Jesus Research** Feb 20 2022 This volume explores nearly every facet of Jesus research -- from eyewitness criteria to the reliability of memory, from archaeology to psychobiography, from oral traditions to literary sources, and from narrative criticism to Gospel criticism. Bringing together a wide variety of topics and perspectives in one volume, this ambitious collaborative enterprise casts light on important debates and encourages creative links between ideas new and old. This distinguished collection of articles by internationally renowned Jewish and Christian scholars originates with the Princeton-Prague Symposium on Jesus Research. It summarizes the significant advances in understanding Jesus that scholars have made in recent years, chiefly through the development of diverse methodologies. Even readers who are already knowledgeable in the field will discover unique angles from well-known New Testament scholars, and all will be brought up to speed on the current state-of-play within Jesus studies.

**First and Second Peter, and Jude** Aug 17 2021 Craddock examines the letters of 1 and 2 Peter and Jude. Shows the similarities and differences in how Christ is portrayed in these epistles as opposed to the depiction found in other New Testament writings.

*Hagia Sophia and the Byzantine Aesthetic Experience* May 02 2020 Paramount in the shaping of early Byzantine identity was the construction of the church of Hagia Sophia in Constantinople (532-537 CE). This book examines the edifice from the perspective of aesthetics to define the concept of beauty and the meaning of art in early Byzantium. Byzantine aesthetic thought is re-evaluated against late antique Neoplatonism and the writings of Pseudo-Dionysius that offer fundamental paradigms for the late antique attitude towards art and beauty. These metaphysical concepts of aesthetics are ultimately grounded in experiences of sensation and perception, and reflect the ways in which the world and reality were perceived and grasped, signifying the cultural identity of early Byzantium. There are different types of aesthetic data, those present in the aesthetic object and those found in aesthetic responses to the object. This study looks at the aesthetic data embodied in the sixth-century architectural structure and interior decoration of Hagia Sophia as well as in literary responses (ekphrasis) to the building. The purpose of the Byzantine ekphrasis was to convey by verbal means the same effects that the artefact itself would have caused. A literary analysis of these rhetorical descriptions recaptures the Byzantine perception and expectations, and at the same time reveals the cognitive processes triggered by the Great Church. The central aesthetic feature that emerges from sixth-century ekphrasis of Hagia Sophia is that of light. Light is described as the decisive element in the experience of the sacred space and light is simultaneously associated with the notion of wisdom. It is argued that the concepts of light and wisdom are interwoven programmatic elements that underlie the unique architecture and non-figurative decoration of Hagia Sophia. A similar concern for the phenomenon of light and its epistemological dimension is reflected in other contemporary monuments, testifying to the pervasiveness of these aesthetic values in early Byzantium.

[Yes Logo](#) Oct 19 2021 **Make My Logo Bigger: 40 Years of Branding and Design** by Michael Peters and Partners chronicles the story of Michael Peters, one of Britain's most significant design luminaries. Still actively lecturing in the fields of graphics and branding, Michael Peters is an inextricable component of the history of commercial design. Michael Peters began his venture into graphic design at London College of Printing, continuing his studies abroad at Yale, where was he tutored by such greats as Paul Rand, Herbert Matter and Alexej Brodovitch; he was also fortunate to work as an assistant to Bauhaus legend, Josef Albers. Peters then worked at CBS in New York, which was at the time a mecca for the creative marketing profession. He returned to London and set up Klein Peters Ltd with Lou Klein in 1968, followed by his own company, Michael Peters and Partners in 1970. More recently, Peters has formed Identica, a branding and creative consultancy with clients such as Vodafone, Nike and Universal Studios. Throughout his career Peters has worked on highly successful campaigns, ranging from Bird's Eye food products to Penhaligon's perfume. His philanthropic and forward thinking philosophy is celebrated by the Royal College of Art award in Peters' name. This attitude has put him firmly at the forefront of the British design renaissance, together with key figures such as Sir Terence Conran, Rodney Fitch and Wally Olins. **Make My Logo Bigger** chronicles Michael Peters' extraordinary career in its entirety. 400 colour & b/w illustrations

**The First Epistle of Peter** Jul 28 2022 Peter David's study on 1 Peter is part of The New International Commentary on the New Testament. Prepared by some of the world's leading scholars, the series provides an exposition of the New Testament books that is thorough and fully abreast of modern scholarship yet faithful to the Scriptures as the infallible Word of God.

*Peter Lindbergh. on Fashion Photography. 40th Ed.* Aug 24 2019 Fu nel 1988, sulla spiaggia di Malibu, che Peter Lindbergh creò la serie White Shirts. Questi semplici scatti oggi famosissimi fecero scuola e presentarono al mondo Linda Evangelista, Christy Turlington, Rachel Williams, Karen Alexander, Tatjana Patitz ed Estelle Lefébure. Questo evento segnò l'inizio di una nuova epoca nel mondo della moda, e Lindbergh continuò a modificare il panorama della fotografia di moda per i decenni a venire. Questo volume raccoglie oltre 300 fotografie che ripercorrono i 40 anni della carriera di Lindbergh, celebrando l'approccio umanistico e il tocco cinematografico del fotografo tedesco, in grado di creare immagini al tempo stesso seducenti e introspettive. Nel 1980 Rei Kawakubo chiese a Lindbergh di creare una campagna per Commes des Garçons: questa fu una delle sue prime incursioni nel mondo della fotografia commerciale. Kawakubo gli diede carta bianca. Negli anni successivi seguirono altre collaborazioni con i nomi più osannati della moda che sfociarono in un rapporto di reverenza reciproca: il rispetto che Lindbergh portava ad alcuni dei più grandi stilisti del nostro tempo è palpabile nei suoi ritratti. Tra gli altri, Lindbergh lavorò per Azzedine Alaïa, Giorgio Armani, Alber Elbaz, John Galliano, Jean Paul Gaultier, Karl Lagerfeld, Thierry Mugler, Yves Saint Laurent, Jil Sander e Yohji Yamamoto. Considerato da molti un pioniere nel suo campo, Lindbergh si sottrasse agli standard della bellezza industriale per celebrare l'essenza e l'individualità dei suoi soggetti. Il suo contributo fu cruciale per l'ascesa al successo di modelle come Kate Moss, Naomi Campbell, Linda Evangelista, Cindy Crawford, Mariacarla Boscono, Lara Stone, Claudia Schiffer, Amber Valletta, Nadja Auermann e Kristen McMenamy. La portata dell'opera di Lindbergh si estese a tutta Hollywood e oltre: nei suoi scatti appaiono Cate Blanchett, Charlotte Rampling, Richard Gere, Isabelle Huppert, Nicole Kidman, Madonna, Brad Pitt, Catherine Deneuve e Jeanne Moreau. Dalla fotografia scelta da Anna Wintour come copertina della sua prima uscita di Vogue al leggendario scatto di Tina Turner sulla Torre Eiffel, non sono mai gli abiti, la celebrità o il glamour il punto focale nelle fotografie di Lindbergh. Ogni immagine trasmette l'umanità del suo soggetto con una serena malinconia che è il tratto distintivo, unico e inconfondibile di Lindbergh. Fin dall'inizio della sua carriera, Lindbergh era noto nel mondo dell'arte contemporanea, e le sue fotografie venivano esposte nelle gallerie ben prima di apparire sulle riviste. Questa edizione include un'introduzione aggiornata ricavata da un'intervista del 2016, che offre uno sguardo dietro l'obiettivo di Lindbergh, e in cui il fotografo parla delle sue prime collaborazioni, del delicato rapporto tra arte e pubblicità e del potere della narrazione.

[First and Second Peter \(Paideia: Commentaries on the New Testament\)](#) Dec 09 2020 In this addition to the well-received Paideia series, New Testament scholars Duane Watson and Terrance Callan examine cultural context and theological meaning in First and Second Peter. Paideia commentaries explore how New Testament texts form Christian readers by • attending to the ancient narrative and rhetorical strategies the text employs • showing how the text shapes theological convictions and moral habits • commenting on the final, canonical form of each New Testament book • focusing on the cultural, literary, and theological settings of the text • making judicious use of maps, photos, and sidebars in a reader-friendly format This commentary, like each in the projected eighteen-volume series, proceeds by sense units rather than word-by-word or verse-by-verse. Students, pastors, and other readers will appreciate the historical, literary, and theological insight Watson and Callan offer in interpreting First and Second Peter.

*The Doctrine of Salvation in the First Letter of Peter* Sep 29 2022 The prevalence of salvation language in the first letter of Peter has often been acknowledged though rarely investigated in depth. In this book Martin Williams presents an account exploring the concept of salvation in this theologically rich letter. He brings together the disciplines of hermeneutics, New Testament studies, and systematic and historical theology in order to explore the language of salvation which resonates within the text. The book also elaborates on a methodological level the segregation which has arisen between biblical studies and theological studies. In doing this, Williams identifies a basis for how there can be interaction between these two different viewpoints. This book will be a valuable resource for students and scholars interested in the exegesis and theology of 1 Peter, the doctrine of salvation and biblical interpretation.

**Echoes of Jesus in the First Epistle of Peter** Jun 26 2022 How did the words of Jesus influence the writing of 1 Peter? That is the question that is at the heart of this study. Of course, the answer is complicated by the fact that 1 Peter nowhere directly references the words of Jesus.

Nevertheless, the impact of his words are evident throughout the letter. The first third of the book lays the foundation for answering the question by giving clear and concise criteria for identifying places where 1 Peter uses the words of Jesus. The rest of the book walks through the text of 1 Peter section by section, submitting each potential echo of Jesus's words to the criteria previously developed. The book concludes by considering how the words of Jesus influenced the themes and content of the letter.

**Postcolonial Public Theology** Oct 26 2019 Postcolonial Public Theology is a tour de force--theological reflection transformed by encounter with the most compelling intellectual discourses of our time. It offers prophetic challenge to the hegemony of economic globalization.

Evolutionary science's encounter with life's limit questions requires an ethically responsible practice of scientific rationality, measured by sufficient, sustainable livelihood for all. Interreligious engagement compels us to take seriously the realities of cultural hybridity and social location in reimagining a polycentric Christianity. Postcolonial Public Theology makes the case for public theology to turn toward postcolonial imagination, demonstrating a fresh rethinking of public and global issues that continue to emerge in the aftermath of colonialism. This book provides students and scholars in these various fields an interesting framework from which to continue to dialogue about the relevance of this literature and, in particular, the continuing importance of Christian theology in the public arena.

**First and Second Peter, Jude** Aug 29 2022 "The Catholic Commentary on Sacred Scripture (CCSS) responds to the desire of Catholics to study the Bible in depth and in a way that integrates Scripture with Catholic doctrine, worship, and daily life. The series will include seventeen volumes, offering readable, informative commentary on each book of the New Testament. The CCSS implements the theological principles taught by Vatican II for interpreting Scripture 'in accord with the same Spirit by which it was written'--that is, interpreting Scripture in its canonical context and in the light of Catholic tradition and the analogy of faith (Dei Verbum 12). The CCSS is packed with features designed to help readers use the Bible more effectively in teaching, preaching, evangelization, and other forms of ministry. Each volume provides exegesis as well as reflection and application sections. A set of cross-references links each passage to the Catechism, the Lectionary, and related biblical texts. Sidebars present information on the background of the text and on how the text has been interpreted by the Church. Abundant quotations from saints and Church Fathers enable readers to glimpse the continuity of Catholic tradition. Each volume includes a Glossary, a list of Suggested Resources, an Index of Pastoral Topics, and an Index of Sidebars. Further resources are posted at the series Web site, [www.CatholicScriptureCommentary.com](http://www.CatholicScriptureCommentary.com)" -- Publisher description.

**Twenty-first Century Schools** Dec 21 2021 Contemporary school systems are not working well. Educational solutions abound, but the problems remain. This is because our school systems are not primarily concerned with education. Their driving forces are political and economic. Any systemic solution to schooling's current difficulties will start with politics; not, in any conventional sense, with education. Twenty-first Century Schools traces the extension of political control over Britain's school system and, through US case studies, looks at alternative methods of organisation. The authors argue that Anglo-American school systems provide a good education for a small minority and, to the majority, offer inadequate schooling. Though this has always been inequitable it may, in the past, have been economically efficient, at least from the viewpoint of the state. If that was once true for mercantile and industrial economies, it is not true now. The knowledge economies toward which the UK and US are moving demand a continuing ability to learn, and to innovate, right across the workforce. Our time-honoured tradition of anachronistic curricula, didactically taught, does not develop these qualities. For those reasons the current Anglo-American drive to entrench unequal educational opportunity is at once economically, politically and socially misconceived. From these premises, Twenty-first Century Schools goes on to outline the political and educational changes needed to shape school systems which are socially and economically adapted to the new century.

**Bread from Heaven** Jan 28 2020 Bread from Heaven offers a contemporary theological synthesis on the Eucharist that brings together classical and critical biblical exegesis, debates on the early history of the Christian liturgy, patristic doctrine, the teachings offered by the Councils of Florence, Trent and Vatican II, and the Church's *lex orandi*, all within a framework provided by the Eucharistic theology of Thomas Aquinas. The volume begins with Christ's Bread of Life discourse in John 6, in light of the Old Testament theme of the manna, and the Synoptic accounts of the Last Supper. These biblical texts offer solid foundation for a theology of Eucharistic sacrifice, presence and Communion. It then continues with a historical and systematic study of the institution of the Eucharist by Christ, with special attention given to the emergence of the first Eucharistic prayers. Then follows a survey of key Christological and ecclesiological themes which undergird Eucharistic theology. The chapters on Eucharistic sacrifice and presence form the heart of the work. Here, the focus moves to key conciliar, patristic and Thomistic insights on these themes. Bread from Heaven clarifies misunderstandings of Eucharistic sacrifice and renders transubstantiation accessible to beginners. Blankenhorn concludes with a study of the consecration, the minister of the Eucharist and the fruits of communion. The chapter on the debate over the words of institution and the epiclesis gives a fresh perspective that integrates both eastern and western tradition. The study of the Eucharistic celebrant strikes a balance between a spirituality of the priest as acting in *persona Christi* and of the priest as praying in *persona ecclesiae*. The concluding chapter centers on the Eucharist's unitive, mystical fruits in the Church. This textbook is ideal for an advanced undergraduate or graduate course on Eucharistic theology. It also seeks to advance the debate on several controversial historical and speculative issues in sacramental theology.
