As recognized, adventure as well as experience practically lesson, amusement, as competently as understanding can be gotten by just checking out a ebook **The Hunt For Bin Laden Operation Neptune Spear** also it is not directly done, you could take even more approximately this life, a propos the world.

We allow you this proper as without difficulty as easy showing off to get those all. We pay for The Hunt For Bin Laden Operation Neptune Spear and numerous book collections from fictions to scientific research in any way. accompanied by them is this The Hunt For Bin Laden Operation Neptune Spear that can be your partner.

When people should go to the ebook stores, search opening by shop, shelf by shelf, it is essentially problematic. This is why we allow the book compilations in this website. It will extremely ease you to look guide **The Hunt For Bin Laden Operation Neptune Spear** as you such as.

By searching the title, publisher, or authors of guide you truly want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best area within net connections. If you object to download and install the The Hunt For Bin Laden Operation Neptune Spear, it is enormously easy then, back currently we extend the member to buy and make bargains to download and install The Hunt For Bin Laden Operation Neptune Spear consequently simple!

Right here, we have countless books **The Hunt For Bin Laden Operation Neptune Spear** and collections to check out. We additionally provide variant types and next type of the books to browse. The pleasing book, fiction, history, novel, scientific research, as capably as various other sorts of books are readily within reach here.

As this **The Hunt For Bin Laden Operation Neptune Spear**, it ends going on innate one of the favored book **The Hunt For Bin Laden Operation Neptune Spear** collections that we have. This is why you remain in the best website to see the unbelievable books to have.

Thank you very much for reading **The Hunt For Bin Laden Operation Neptune Spear**. As you may know, people have look hundreds times for their chosen books like this **The Hunt For Bin Laden Operation Neptune Spear**, but end up in malicious downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some malicious bugs inside their desktop computer.

The Hunt For Bin Laden Operation Neptune Spear is available in our book collection an online access to it is set as public so you can download it instantly. Our books collection hosts in multiple countries, allowing you to get the most less latency time to download any of our books like this one. Merely said, the **The Hunt For Bin Laden Operation Neptune Spear** is universally compatible with any devices to read

Examines the writings of Osama bin Laden to demonstrate how his views differ from other strands of radical Islamic thought, how he has contributed to his own mythology, and how he has shaped the development of Al Qaeda. A concise biography of the world's most notorious terrorist tells the story of the evolution of a wealthy businessman's son to the 9/11 mastermind who declared war on America. This compelling book dives into the historical background of the raid that killed Osama Bin Laden. This volume discusses the controversies related to the assassination, including those surrounding the SEALs raid. The last chapter gives readers a chance to see this event up close and personal, by presenting compelling first-person narratives. Readers will hear how the wives of Bin Laden describe the raid. They will read Graeme Green's analysis of a local who was Tweeting the raid, live. Barack Obama recounts the Bin Laden Situation Room, one year after the event. Maria A Ressa has been interviewed by The Wall Street Journal (High-Profile Journalist Reshapes Her Role in Terrorism Fight)The two most wanted terrorists in Southeast Asia - a Malaysian and a Singaporean - are on the run in the Philippines, but they manage to keep their friends and family updated on Facebook. Filipinos connect with al-Qaeda-linked groups in Somalia and Yemen. The black flag - embedded in al-Qaeda lore - pops up on websites and Facebook pages from around the world, including the Philippines, Indonesia, the Middle East, Afghanistan, Australia, and North Africa. The black flag ... Draws on the author's meetings with the terrorist as well as interviews with his acquaintances, describing his self-presentation as a soft-spoken cleric and offering insight into how he inspires fanatical loyalty. In late 2002, over 1500 audiotapes were discovered in Kandahar, Afghanistan, in a house once occupied by Osama bin Laden. The Audacious Ascetic is the first book to explore this extraordinary archive. It details how Islamic cultural, legal, theological and

linguistic vocabularies shaped militants' understandings of al-Qa'ida, and, more controversially, challenges the notion that the group's original adversary was America and the 'far enemy'. Miller argues that Western security agencies' 'management' of Bin Laden's growing reputation went awry. When magnified through global media coverage, narratives of al-Qa'ida's coherence were exploited by Osama and his militant supporters for their own ends. Focusing on over a dozen previously unpublished speeches by Bin Laden as well as on discussions by top al-Qa'ida leaders and Arab- Afghans, Miller chronicles the Saudi radical's evolving relationship with a host of Muslim insurgencies that found his stripe of asceticism (zuhd) tactically useful, especially when circulated via audiotape. These recordings also reveal militants' disenchantment when Bin Laden, marginalized through the '90s, began pandering to Western television networks in his attempt to direct heterodox Islamist armed struggles against America. Such audio evidence exposes al-Qa'ida's lack of coordination before 9-11 and invites scrutiny of dominant narratives of Western law enforcement, intelligence and terrorism analysts. Collects the seventeen declassified letters found in Osama bin Laden's compound by the SEAL team that took him down. Ray Rivers, an alias, tells his story of being set up after completing the most impossible mission of his life. This insider's story of hunt for the world's number one bad guy, Osama bin Laden, is a chilling first person account that seems unbelievable at first until the story leads to a trail of deceit and lies that don't stop until it's almost too late. He has to fight for survival as he becomes the world's number one marked man, chased and hunted by operators like himself. The question is: Marked by whom and why? The extraordinary inside story of Osama bin Laden and Al Qaeda in the years after 9/11. Following the attacks on the Twin Towers, Osama bin Laden, the most wanted man in the world, eluded intelligence services and Special Forces units for almost a decade. Using remarkable, first-person testimony from bin Laden's family and closest aides, *The Exile* chronicles this astonishing tale of evasion, collusion and isolation. In intimate detail, *The Exile* reveals not only the frantic attack on Afghanistan by the United States in their hunt for bin Laden but also how and why, when they found his family soon after, the Bush administration rejected the chance to seize them. It charts the formation of ISIS, and uncovers the wasted opportunity to kill its Al Qaeda-sponsored founder; it explores the development of the CIA's torture programme; it details Iran's secret shelter for bin Laden's family and Al Qaeda's military council; and it captures the power struggles, paranoia and claustrophobia within the Abbottabad house prior to the raid. A landmark work of investigation and reportage, *The Exile* is as authoritative as it is compelling, and essential reading for anyone concerned with history, security and future relations with the Islamic world. Electrifying investigation of White House lies about the assassination of Osama bin Laden In 2011, an elite group of US Navy SEALs stormed an enclosure in the Pakistani city of Abbottabad and killed Osama bin Laden, the man the United States had begun chasing before the devastating attacks of 9/11. The news did much to boost President Obama's first term and played a major part in his reelection victory of the following year. But much of the story of that night, as presented to the world, was incomplete, or a lie. The evidence of what actually went on remains hidden. At the same time, the full story of the United States' involvement in the Syrian civil war has been kept behind a diplomatic curtain, concealed by doublespeak. It is a policy of obfuscation that has compelled the White House to turn a blind eye to Turkey's involvement in supporting ISIS

and its predecessors in Syria. This investigation, which began as a series of essays in the London Review of Books, has ignited a firestorm of controversy in the world media. In his introduction, Hersh asks what will be the legacy of Obama's time in office. Was it an era of "change we can believe in" or a season of lies and compromises that continued George W. Bush's misconceived War on Terror? How did he lose the confidence of the general in charge of America's forces who acted in direct contradiction to the White House? What else do we not know? The #1 New York Times bestselling first-person account of the planning and execution of the Bin Laden raid from a Navy SEAL who confronted the terrorist mastermind and witnessed his final moments. From the streets of Iraq to the rescue of Captain Richard Phillips in the Indian Ocean, and from the mountaintops of Afghanistan to the third floor of Osama Bin Laden's compound, operator Mark Owen of the U.S. Naval Special Warfare Development Group—known as SEAL Team Six—has been a part of some of the most memorable special operations in history, as well as countless missions that never made headlines. No Easy Day puts readers alongside Owen and his fellow SEAL team members as they train for the biggest mission of their lives. The blow-by-blow narrative of the assault, beginning with the helicopter crash that could have ended Owen's life straight through to the radio call confirming Bin Laden's death, is an essential piece of modern history. In No Easy Day, Owen also takes readers into the War on Terror and details the formation of the most elite units in the military. Owen's story draws on his youth in Alaska and describes the SEALs' quest to challenge themselves at the highest levels of physical and mental endurance. With boots-on-the-ground detail, Owen describes several missions that illustrate the life and work of a SEAL and the evolution of the team after the events of September 11. In telling the true story of the SEALs whose talents, skills, experiences, and exceptional sacrifices led to one of the greatest victories in the War on Terror, Mark Owen honors the men who risk everything for our country, and he leaves readers with a deep understanding of the warriors who keep America safe. Looks at America's search for Al Qaeda leader Osama bin Laden, from his addition to the FBI's list of Ten Most Wanted Fugitives in 1999 to the intensive global manhunt still underway in 2004. There is no denying the fact that when Bin Laden speaks, the people across the world, particularly the Western media, usually ask Is he really alive? Where is he? What did he say? A curiosity to know more about him yet remains. The present book aims at ca Osama bin Laden was the most wanted man in modern history, and ushered in a new era of terrorism. It took a decade of blood and sacrifice, of determination and frustration, but finally, in a night-time raid at the end of a dirt road in Pakistan, the hunt for Bin Laden ended with a gunshot. It was a dramatic climax to a long and painful chapter. But now what? The terrorist threat that has defined Western policy since the attacks of 9/11 did not die with Bin Laden in his walled compound near Islamabad. In this provocative collection of essays edited and introduced by Pulitzer Prize winner Jon Meacham, a group of penetrating American analysts and leaders look ahead to the world after Bin Laden—to the future of Al Qaeda, of Afghanistan, of Pakistan. They explore the political, military, and cultural implications of the post-Bin Laden war on terror. From Richard N. Haass of the Council on Foreign Relations to former Secretary of State James A. Baker III, from historian and journalist Evan Thomas to former U.S. Army officer Andrew Exum, BEYOND BIN LADEN gives readers intelligent, deeply informed, and urgent glimpses of

what comes next. We all know how the story ends and think we know how it unfolded, but here, for the first time, is the official and authoritative story of the ten-year global search for Osama bin Laden, culminating in the May 2011 raid by U.S. Navy SEALs in Pakistan. Reading like the world's greatest action thriller, and with never-before-read first-person accounts and never-before-seen artifacts, this indispensable resource documents one of the most dramatic missions in American history. Based on the 9/11 Museum's special exhibition, *Revealed* draws on exclusive interviews with President Barack Obama, Secretary of State Hillary Clinton, Secretary of Defense Robert Gates, CIA Director Leon Panetta, and Admiral William McRaven, the mission commander, all woven together with oral histories from the SEALs who participated in the mission and the intelligence officers and analysts who tracked bin Laden down. Illustrations include surveillance imagery, maps, and the famous model of the Abbottabad compound--built to brief the president on options and used by the SEAL command to plan the raid--all being made public for the first time. Startling and scandalous, this is an intimate insider's story of Osama bin Laden's retinue in the ten years after 9/11, a family in flight and at war. From September 11, 2001 to May 2, 2011, Osama Bin Laden evaded intelligence services and special forces units, drones and hunter killer squads. *The Exile* tells the extraordinary inside story of that decade through the eyes of those who witnessed it: bin Laden's four wives and many children, his deputies and military strategists, his spiritual advisor, the CIA, Pakistan's ISI, and many others who have never before told their stories. Investigative journalists Cathy Scott-Clark and Adrian Levy gained unique access to Osama bin Laden's inner circle, and they recount the flight of Al Qaeda's forces and bin Laden's innocent family members, the gradual formation of ISIS by bin Laden's lieutenants, and bin Laden's rising paranoia and eroding control over his organization. They also reveal that the Bush White House knew the whereabouts of bin Laden's family and Al Qaeda's military and religious leaders, but rejected opportunities to capture them, pursuing war in the Persian Gulf instead, and offer insights into how Al Qaeda will attempt to regenerate itself in the coming years. While we think we know what happened in Abbottabad on May 2, 2011, we know little about the wilderness years that led to that shocking event. As authoritative in its scope and detail as it is propulsively readable, *The Exile* is a landmark work of investigation and reporting. The Bin Ladens are shrouded in secrecy, living in one of the most closed, unaccountable countries on earth. Little has been known about the world that created Osama • until now. In this gripping account prizewinning journalist Steve Coll has interviewed those closest to the family who rose from Yemeni peasants to jetsetting millionaires in two generations. In doing so, he reveals a Saudi Arabia torn between religious purity and the temptations of the West, telling a story of oil, money, power, patronage and dangerous cultural extremes. Journalist Rich Minter uses his unparalleled access to sources and stories throughout the Middle East, Africa, and the United States. He paints a devastating portrait of how close the U.S. military was to killing bin Laden--on multiple occasions--and how, each time, Clinton dropped the ball and allowed bin Laden to grow stronger and more dangerous. Provides a reevaluation of the man responsible for precipitating America's long wars with al-Qaeda and its descendants, capturing bin Laden in all the dimensions of his life: as a family man, as a zealot, as a battlefield commander, as a terrorist leader, and as a fugitive The mission was to kill the most wanted man in the world—an operation of such magnitude that it couldn't be handled

by just any military or intelligence force. The best America had to offer was needed. As such, the task was handed to roughly forty members of America's supersecret counterterrorist unit formally known as 1st Special Forces Operational Detachment-Delta; more popularly, the elite and mysterious unit Delta Force. This is the real story of the operation, the first eyewitness account of the Battle of Tora Bora, and the first book to detail just how close Delta Force came to capturing bin Laden, how close U.S. bombers and fighter aircraft came to killing him, and exactly why he slipped through our fingers. Lastly, this is an extremely rare inside look at the shadowy world of Delta Force and a detailed account of these warriors in battle. Electrifying investigation of White House lies about the assassination of Osama bin Laden In 2011, an elite group of US Navy SEALs stormed an enclosure in the Pakistani city of Abbottabad and killed Osama bin Laden, the man the United States had begun chasing before the devastating attacks of 9/11. The news did much to boost President Obama's first term and played a major part in his reelection victory of the following year. But much of the story of that night, as presented to the world, was incomplete, or a lie. The evidence of what actually went on remains hidden. At the same time, the full story of the United States' involvement in the Syrian civil war has been kept behind a diplomatic curtain, concealed by doublespeak. It is a policy of obfuscation that has compelled the White House to turn a blind eye to Turkey's involvement in supporting ISIS and its predecessors in Syria. This investigation, which began as a series of essays in the London Review of Books, has ignited a firestorm of controversy in the world media. In his introduction, Hersh asks what will be the legacy of Obama's time in office. Was it an era of "change we can believe in" or a season of lies and compromises that continued George W. Bush's misconceived War on Terror? How did he lose the confidence of the general in charge of America's forces who acted in direct contradiction to the White House? What else do we not know? From Mark Bowden, the preeminent chronicler of our military and special forces, comes *The Finish*, a gripping account of the hunt for Osama bin Laden. With access to key sources, Bowden takes us inside the rooms where decisions were made and on the ground where the action unfolded. After masterminding the attacks of September 11, 2001, Osama bin Laden managed to vanish. Over the next ten years, as Bowden shows, America found that its war with al Qaeda—a scattered group of individuals who were almost impossible to track—demanded an innovative approach. Step by step, Bowden describes the development of a new tactical strategy to fight this war—the fusion of intel from various agencies and on-the-ground special ops. After thousands of special forces missions in Iraq and Afghanistan, the right weapon to go after bin Laden had finally evolved. By Spring 2011, intelligence pointed to a compound in Abbottabad; it was estimated that there was a 50/50 chance that Osama was there. Bowden shows how three strategies were mooted: a drone strike, a precision bombing, or an assault by Navy SEALs. In the end, the President had to make the final decision. It was time for the finish. From the managing editor of "The Washington Post" comes this news-breaking account of the CIA's involvement in the covert wars in Afghanistan that fueled Islamic militancy and gave rise to bin Laden's al Qaeda. Depicts in graphic novel form America's search for the terrorist and Al Qaeda leader, from the initial order to find him issued by President George W. Bush to the U.S. Navy SEALs who found him in Pakistan 10 years later. Original. 50,000 first printing Ramzi Yousef, the British-educated Islamic extremist who masterminded the 1993 bombing of the World

Trade Center, was, according to FBI agents who tracked him, the most dangerous man in the world. While on the run from a massive two-year international manhunt, Yousef bombed a Philippine Airlines flight and an Iranian temple, and plotted simultaneously to destroy eleven American airplanes over the Pacific, to attack CIA headquarters using a light aircraft armed with chemical weapons, and to assassinate President Clinton, the pope, and other world leaders. 9/11 almost instantaneously remade American politics and foreign policy. The wars in Iraq and Afghanistan, the Patriot Act, water boarding and Guantanamo are examples of its profound and far-reaching effects. But despite its monumental impact--and a deluge of books about al-Qaeda and Islamist terrorism--no one has written a serious assessment of the man who planned it, Osama bin Laden. Available biographies depict bin Laden as an historical figure, the mastermind behind 9/11, but no longer relevant to the world it created. These accounts, Michael Scheuer strongly believes, have contributed to a widespread and dangerous denial of his continuing significance and power. In this book, Scheuer provides a much-needed corrective--a hard-headed, closely reasoned portrait of bin Laden, showing him to be a figure of remarkable leadership skills, strategic genius, and considerable rhetorical abilities. The first head of the CIA's bin Laden Unit, where he led the effort to track down bin Laden, Scheuer draws from a wealth of information about bin Laden and his evolution from peaceful Saudi dissident to America's Most Wanted. Shedding light on his development as a theologian, media manipulator, and paramilitary commander, Scheuer makes use of all the speeches and interviews bin Laden has given as well as lengthy interviews, testimony, and previously untranslated documents written by those who grew up with bin Laden in Saudi Arabia, served as his bodyguards and drivers, and fought alongside him against the Soviets. The bin Laden who emerges from these accounts is devout, talented, patient, and ruthless; in other words, a truly formidable and implacable enemy of the West. Acclaim for *Imperial Hubris: Why the West is Losing the War on Terrorism* "Pulls few punches...a fascinating window on America's war with Al Qaeda." --Michiko Kakutani, *New York Times* "No serious observer of the war on terrorism can ignore this scathing critique." --Peter Bergen, author of *Holy War, Inc.* "A powerful, persuasive analysis of the terrorist threat and the Bush administration's failed efforts to fight it." --Richard A. Clarke, *Washington Post Book World* "A fire-breathing denunciation of U.S. counterterrorism policy." --Julian Borger, *The Guardian* "Presents overwhelmingly persuasive evidence to buttress a host of significant and controversial arguments." --Benjamin Schwarz, *Atlantic Monthly* "Destined to become a classic in the field of counterterrorism analysis." --Bruce Hoffman, author of *Inside Terrorism* The first wife and fourth son of the terrorist leader describe his extreme beliefs, from his disapproval of modern conveniences and his practice of exposing his sons to the desert without supplies to their shock at his role in the September 11 attacks. Almost exactly ten years after the 9/11 terrorist attacks on the United States, An elite team of U.S. special forces stunned the world with a dramatic and daring feat. In this fascinating account, learn more about the leader of the al-Qaeda network And The U.S. efforts that finally brought the world's most feared terrorist to justice. Details the search for Osama bin Laden that began after the September 11 terrorist attacks and ended with a raid on his compound in May 2011. Although for much of the world Osama Bin Laden is the public face of contemporary Islamist fundamentalist terrorism, he is a hero for a significant Islamist fundamentalist minority for his violent

resistance to Western encroachment on Islamic societies an The Book the CIA Doesn't Want You to Read Gary Berntsen, the CIA's key commander coordinating the fight against the Taliban forces around Kabul, comes out from under cover for the first time to describe his no-holds-barred pursuit—and cornering—of Osama bin Laden, and the reason the terrorist leader escaped American retribution. As disturbingly eye-opening as it is adrenaline-charged, Jawbreaker races from CIA war rooms to diplomatic offices to mountaintop redoubts to paint a vivid portrait of a new kind of warfare, showing what can and should be done to deal a death blow to freedom's enemies. Tracing his life from his birth in 1957, this biography of Osama Bin Laden places the development of his beliefs and activities within the context of the vortex of politics swirling around Saudi Arabia, Sudan, Afghanistan and other areas of the Islamic world. Journalist Robinson details his student days in Lebanon, his relationship with his large family and the family business, and his efforts to build a large organization capable of striking against his enemies. Annotation copyrighted by Book News, Inc., Portland, OR Al Qaeda expert and CNN national security analyst Peter Bergen paints a multi-dimensional picture of the hunt for bin Laden over the past decade, as well as the recent campaign that gradually tightened the noose around him. Other key elements of the book include: a careful account of Obama's decision-making process throughout the final weeks and days during which the raid was planned, as well as what NSC cabinet members were advising him; the fascinating story of a group of (mostly female) analysts at the CIA in the HVT (High Value Target) section, who never gave up assembling the tiniest clues about OBL's whereabouts; the untold and action-packed history of the Joint Special Operations Command (JSOC) and the SEALs, which accounts for the confidence Obama had in tasking them with the mission; and, an analysis of what the death of OBL means for al Qaeda, for the wider jihadist movement that looked to him for inspiration and strategic guidance, and for Obama's legacy. The images associated with the terrorist attacks of September 11, 2001, will be forever seared in our memories—the burning Pentagon, the collapsing towers of the World Trade Center, the fleeing and terrified crowds. But what about the people who masterminded and carried out these attacks? To most of us, Osama bin Laden and his terrorist group Al Qaeda remain shrouded in mystery. Phillip Margulies lifts this veil to reveal the group's history, methods, structure, and ideology, while also offering a revealing portrait of its leader, bin Laden. "A must read for all who continue to grapple with the twin legacy of hatred and hope from September 11. . .

* International terrorism expert Roland Jacquard's In the Name of Osama bin Laden presents a dramatic portrait of the world's most wanted terrorist and his extensive brotherhood--the network of people who operate "in his name." Published originally in France the very week of September 11, as events in the United States shook the world, the book has become an international bestseller. Jacquard details how bin Laden became an international emblem of fundamentalist, pan-Islamic, anti-U.S. fervor and the leader of a brotherhood so passionate that devotees who have never met him will act autonomously in his name. The author explains the global character of bin Laden's organization, elaborating the extent of his sphere of influence in Europe and Asia. Jacquard reveals the construction of bin Laden's networks--including a profile of his inner circle--and their collaboration with overlapping webs of banking, drug trafficking, religious, and terrorist organizations. He considers the brotherhood's access to biological, chemical, and nuclear weapons and warns

that, with or without bin Laden, this global terrorist force will remain a threat. Now in English, this edition has been substantially updated in light of recent world events and expanded to include previously unpublished materials, featuring a new introduction and afterword. New documents include an April 2001 interview by the author with bin Laden; a September 24 proclamation by bin Laden to Muslims in Pakistan; and a key page from Dr. Ayman al-Zawahiri's book justifying eternal jihad, which was smuggled out of Afghanistan in October 2001. Describes the campaigns of American Green Berets in Afghanistan in the period following the September 11 terrorist attacks as they overcame Taliban and Al-Qaeda forces and sent them fleeing. The author of the best-selling *Holy War, Inc.* presents a definitive account of the decade-long search for Osama bin Laden, sharing coverage of such topics as the CIA analyst team that gathered critical intelligence and what bin Laden's demise means for al Qaeda. 100,000 first printing. Starting in 2001, much of the world media used the image of Osama bin Laden as a shorthand for terrorism. Bin Laden himself considered media manipulation on a par with military, political, and ideological tools, and intentionally used interviews, taped speeches, and distributed statements to further al-Qaida's ends. In *Covering Bin Laden*, editors Susan Jeffords and Fahed Yahya Al-Sumait collect perspectives from global scholars exploring a startling premise: that media depictions of Bin Laden not only diverge but often contradict each other, depending on the media provider and format, the place in which the depiction is presented, and the viewer's political and cultural background. The contributors analyze the representations of the many Bin Ladens, ranging from Al Jazeera broadcasts to video games. They examine the media's dominant role in shaping our understanding of terrorists and why/how they should be feared, and they engage with the ways the mosaic of Bin Laden images and narratives have influenced policies and actions around the world. Contributors include Fahed Al-Sumait, Saranaz Barforoush, Aditi Bhatia, Purnima Bose, Ryan Croken, Simon Ferrari, Andrew Hill, Richard Jackson, Susan Jeffords, Joanna Margueritte-Giecewicz, Noha Mellor, Susan Moeller, Brigitte Nacos, Courtney C. Radsch, and Alexander Spencer. Following Chris Wallace's "riveting" (*The New York Times*) and "propulsive" (*Time*) #1 national bestseller *Countdown 1945* comes a deeply reported, revelatory, and thrillingly told account of the final months of the hunt for Osama bin Laden. On August 27, 2010, three CIA officers ask for a private meeting with CIA Director Leon Panetta. During that secret session, they tell Panetta that agents have tracked a courier with deep Al Qaeda ties to a three-story house at the end of a dead end street in Abbottabad, Pakistan. But they say it's more than a house--it's a heavily protected fortress. No one in the meeting says the name bin Laden. They don't have to. Everyone understands that finally, after nearly a decade, maybe, just maybe, they've found the world's most wanted man. In *Countdown bin Laden*, celebrated journalist and anchor of Fox News Sunday Chris Wallace delivers a thrilling new account of the final eight months of intelligence gathering, national security strategizing, and meticulous military planning that leads to the climactic mission when SEAL Team Six closes in on its target. The book delivers new information collected from Wallace's in-depth interviews with more than a dozen central figures, including Admiral William McRaven--leader of the operation in Pakistan--as well as CIA Director Panetta, Secretary of State Hillary Rodham Clinton, Defense Secretary Robert Gates, National Security Adviser Tom Donilon, and two members of SEAL Team Six who participate in the raid, including the Special Operator

who kills Osama bin Laden. Wallace also brings to life the human elements of this story, talking to families who lost loved ones on 9/11; sharing what relatives of SEAL Team Six went through; and bringing us inside the tense Situation Room during the raid. Published on the twentieth anniversary of 9/11, Countdown bin Laden is a historical thriller filled with intrigue, cinematic action, and fresh reporting about the race to apprehend and bring to justice the architect of the most consequential terrorist attack in American history. Osama bin Laden dead? With no body, no photos, and only alleged genetic samples as proof, half the world believes bin Laden's well-publicized death was a hoax. On May 1, 2011, did Navy Seal Team Six just miss the al Qaeda leader in his Abbottabad compound? Or, warned by Pakistan's ISI, did bin Laden escape into the high Hindu Kush where he continued execute attacks against the U.S. and its allies? Told by Scout Sniper Jack Hull, HIGH VALUE TARGET is the real story of the death of Osama bin Laden and al Qaeda's horrific revenge on the U.S. mainland. "A well-written and engaging novel that provides jarring insights into the complexities of the war in Afghanistan, and into those who are fighting it." -Lt. General U.S. Army (Ret.) Robert Gard, PhD "A great novel on the death of Osama bin Laden, HIGH VALUE TARGET is a page-turner in the tradition of Clancy, W.E.B. Griffin, and Dale Brown. We now have a new hero named Jack Hull to watch out for. HIGH VALUE TARGET shows us, in great detail, how it really happened and what we need to be wary of in the future. I could not put it down--a great read!!" -Lt. Col. U.S. Army (Ret.) Professor of Military History and English John K. Swenson
