East of the Sun and West of the Moon Oct 27 2022 Excerpt from East of the Sun and West of the Moon: Old Tales From the North A Folk-Tale, in its primitive plainness of word and entire absence of complexity in thought, is peculiarly sensitive and susceptible to the touch of stranger hands; and he

West of Eden Jan 26 2020 In this brilliant acclaimed novel dinosaurs

still rule the Earth. The cosmic catastrophe that ended the Age of the Dinosaurs 65 million years ago never happened. The evolution of the great reptiles continued, climaxing with the Yilanè, the most intelligent and advanced race on Earth. But when the onset of a new Ice Age forces them to cross the ocean to explore and colonize a vast contingent, they clash violently with a savage new breed of mammal that they have never before encountered. Mammals that walk erect, hunt and use crude stone tools - and weapons . . .

West of Slavery Oct 23 2019 When American slaveholders looked west in the mid-nineteenth century, they saw an empire unfolding

before them. They pursued that vision through diplomacy, migration, and armed conquest. By the late 1850s, slaveholders and their allies had transformed the southwestern quarter of the nation - California, New Mexico, Arizona, and parts of Utah - into a political client of the plantation states. Across this vast swath of the map, white southerners defended the institution of African American chattel slavery as well as systems of Native American bondage. This surprising history uncovers the Old South in unexpected places, far beyond the region's cotton fields and sugar plantations. Slaveholders' western ambitions culminated in a coast-to-coast crisis of the Union. By 1861, the rebellion in the South inspired a series of separatist movements in the Far West. Even after the collapse of the Confederacy, the threads connecting South and West held, undermining the radical promise of Reconstruction. Kevin Waite brings to light what contemporaries recognized but historians have described only in part: The struggle over slavery played out on a transcontinental stage.

[Why The West Rules - For Now](#) Mar 20 2022 Why did British boats shoot their way up the Yangzi in 1842, rather than Chinese ones up the Thames? Why do Easterners use English more than Europeans speak in Mandarin or Japanese? To put it bluntly, why does the West rule? There are two schools of thought: the 'Long-Term Lock In' theory, suggesting some sort of inevitability, and the 'Short-Term Accident' theory. But both approaches have misunderstood the shape

of history. Ian Morris presents a startling new theory. He explains with flair and authority why the paths of development differed in the East and West and - analysing a vicious twist in trajectories just ahead of us - predicts when the West's lead will come to an end. 'Here you have three books wrapped into one: an exciting novel that happens to be true; an entertaining but thorough historical account of everything important that happened to any important people in the last 10 millennia; and an educated guess about what will happen in the future. Read, learn, and enjoy!' Jared Diamond 'A great work of synthesis and argument, drawing together an awesome range of materials and authorities to bring us a fresh, sharp reading of East-West relationships.' Andrew Marr

West of the Moon Jun 11 2021 In *West of the Moon*, award-winning and New York Times bestselling author Margi Preus expertly weaves original fiction with myth and folktale to tell the story of Astri, a young Norwegian girl desperate to join her father in America. After being separated from her sister and sold to a cruel goat farmer, Astri makes a daring escape. She quickly retrieves her little sister, and, armed with a troll treasure, a book of spells and curses, and a possibly magic hairbrush, they set off for America. With a mysterious companion in tow and the malevolent "goatman" in pursuit, the girls head over the Norwegian mountains, through field and forest, and in and out of folktales and dreams as they steadily make their way east of the sun and west of the moon. Praise for *West of the Moon* FIVE STARRED REVIEWS "Like dun silk shot thought with gold, Preus interweaves the mesmerizing tale of Astri's treacherous and harrowing mid-nineteenth-century emigration to America with bewitching tales of magic. A fascinating author's note only adds to the wonder." --Booklist, starred review "Norwegian history, fiction and folklore intertwine seamlessly in this lively, fantastical adventure and moving coming-of-age story." --Kirkus Reviews, starred review "Enthralling and unflinching, this historical tale resonates with mythical undertones that will linger with readers after the final page is turned." --School Library Journal, starred review "Astri is like a girl out of a fairy tale, and the native folktales that Preus weaves through the narrative serve as guides, lessons, and inspiration for her." --Publishers Weekly, starred review "Several Norwegian folktales are seamlessly integrated into the fast-paced, lyrically narrated story, which features a protagonist as stalwart and fearless as any fairy-tale hero." --The Horn Book Magazine, starred review "It's Astri's voice, however, that is most appealing: her direct, no-nonsense narration has a sharp bite, yet it also reveals the vulnerable young girl who's willing to continue to fight but is nonetheless exhausted by the weight of her struggle. The chapters have an episodic structure that makes this an ideal choice for readaloud or storytelling adaptations, while the mix of folklore, fact, and fantasy will please fans of Edith Patou's *East*." --The Bulletin of The Center for Children's Books

East of the Sun, West of the Moon Jun 23 2022 From the moment she saw him, the girl knew the bear had come for her. How many times had she dreamed of him? Now, here he was, as if spelled from her dreams. This encounter marks the beginning of a long and extraordinary journey. At the bear's secret palace in faraway mountains, she is treated courteously but troubled by the bear's unfathomable sadness. As the bear's secret unravels, another adventure unfolds, which takes her to the homes of the four winds and beyond, to the castle east of the sun, west of the moon. In this new edition of Jackie Morris's captivating picture book, the acclaimed writer and artist retells this classic Norwegian fairy tale - a mysterious story of love, loyalty and freedom. "Beautiful, lyrical and lovely." Joanne Harris on *The Wild Swans* "Jackie Morris does more than tell a story; she conjures glorious landscapes of the heart." Meg Rosoff For *The Unwinding*: "A quiet masterpiece . . . a love story, a hope story, a story out of time, out of stricture, out of the narrow artificial bounds by which we try to contain the wild wonderland of reality because we are too frightened to live wonder-stricken." Maria Popova, *Brain Pickings* "The tales feel like half-remembered dreams, peopled with fairytale characters and magnificent creatures." Rebecca Armstrong, *i* Paper Best Books of 2020

East of the Sun Apr 28 2020 Fairy-Tale Finesse Reviving *East of the Sun and West of the Moon*, Kay Nielsen's Scandinavian masterwork Step into a world of star-crossed lovers, magical winds, mischievous giants, and trolls, through some of the most exquisite illustrations in publishing history. In this gorgeous reprint, TASCHEN revives the most ambitious publication project of beloved Danish artist Kay Nielsen, one of the most famous children's book illustrators of all time. First published in 1914, *East of the Sun and West of the Moon* is a celebrated collection of fifteen fairy tales, gathered by legendary Norwegian folklorists Peter Christen Asbjørnsen and Jørgen Engebretsen Moe on their journeys across Norway in the mid-nineteenth century. Nielsen's illustration edition of Asbjørnsen and Moe's tales is considered a jewel of early 20th-century children's literature, highly sought-after by art and book collectors worldwide. An original signed copy of the book sold at auction in 2008 commanded the highest price ever paid for an illustrated children's book. This finely crafted reprint restores the stunning detail and artistry of Nielsen's images to their original splendor. Featuring 46 illustrations, including many enlarged details from Nielsen's rare original watercolors. The book is printed in five colors, comes with three accompanying essays, illustrated with dozens of rare and previously unseen artworks by Nielsen, explore the history of Norwegian folktales, Nielsen's life and work, and how this masterpiece came to be. "...a beautiful reprint of the fairy tale, with its sumptuous illustrations presented in full glory." -- VOGUE.com East O' the Sun and West O' the Moon & Other Norwegian Fairy Tales

May 22 2022 DIVClassic Norwegian fairy tales include title story, plus "Shortshanks," "Princess on the Glass Hill," "Why the Sea Is Salt," "The Twelve Wild Ducks," "The Mastermaid," "Dapplegrim," "Tatterhood," and 2 other stories. /div

West of Eden Sep 21 2019 *West of Eden* is the definitive story of Hollywood, told, in their own words, by the people on the inside: Lauren Bacall, Arthur Miller, Dennis Hopper, Frank Gehry, Ring Lardner, Joan Didion, Stephen Sondheim - all interviewed by Jean Stein, who grew up in the Forties in a fairytale mansion in the Hollywood Hills. The book takes us from the discovery of oil in the Twenties with the story of the tycoon Edward Doheny (*There Will Be Blood*) and traces the growth of corruption through the syndicates, the mob, and the movie studios - from the beginnings of the film industry to the end, with News Corp. and Rupert Murdoch (who bought the Stein mansion in 1985). *West of Eden* is about money, power, fame and terrible secrets: the doomed Hollywood of the late Fifties, early Sixties - 'the rotten heart of paradise'. Like her last book, the best-selling *Edie*, this is an oral history told through brilliantly edited interviews. As this is Hollywood, it's a book full of sex, drugs and celebrity glamour; but because it's built from the firsthand accounts of people who were actually there, many of them writers, actors and artists, it's also strangely claustrophobic, seductive, and completely compelling.

West of West Jul 24 2022 Swim out into the Pacific and look back to the shore. To the couple kissing in the hot afternoon, and the young girl rollerskating along the front, and the family setting up camp on the soft, warm sand. To the blues and yellows and pinks of fierce, determined revelry. Santa Monica, where the wooden pier juts out into the Pacific Ocean, marks the end of Route 66. The great American journey west culminates here, and it is on this short stretch of coast that Sarah Lee began shooting her photographic series in 2015. In *West of West* Sarah Lee and Laura Barton explore the idea of the West in shaping American identity, with its idealism and notions of the frontier, and what the American West means in an age of political turbulence, when the East is the rising global force and the frontier is shifting once more.

The End of the West Oct 15 2021 Has Europe's extraordinary postwar recovery limped to an end? It would seem so. The United Kingdom, Belgium, France, Italy, and former Soviet Bloc countries have experienced ethnic or religious disturbances, sometimes violent. Greece, Ireland, and Spain are menaced by financial crises. And the euro is in trouble. In *The End of the West*, David Marquand, a former member of the British Parliament, argues that Europe's problems stem from outdated perceptions of global power, and calls for a drastic

change in European governance to halt the continent's slide into irrelevance. Taking a searching look at the continent's governing institutions, history, and current challenges, Marquand offers a disturbing diagnosis of Europe's ills to point the way toward a better future. Exploring the baffling contrast between postwar success and current failures, Marquand examines the rebirth of ethnic communities from Catalonia to Flanders, the rise of xenophobic populism, the democratic deficit that stymies EU governance, and the thorny questions of where Europe's borders end and what it means to be European. Marquand contends that as China, India, and other

nations rise, Europe must abandon ancient notions of an enlightened West and a backward East. He calls for Europe's leaders and citizens to confront the painful issues of ethnicity, integration, and economic cohesion, and to build a democratic and federal structure. A wake-up call to those who cling to ideas of a triumphalist Europe, *The End of the West* shows that the continent must draw on all its reserves of intellectual and political creativity to thrive in an increasingly turbulent world, where the very language of "East" and "West" has been emptied of meaning. In a new preface, Marquand analyzes the

current Eurozone crisis--arguing that it was inevitable due to the absurdity of combining monetary union with fiscal disunion--and raises some of the questions Europe will have to face in its recovery.
